

2008 Mock Interview & Resume Workshop FAQs

How are the law students and attorneys matched for interviews?*

Law Students and Attorneys are each given a number upon arrival to the City Bar. Each room on the 2nd floor of the City Bar is marked with a range of numbers corresponding to the numbers given to the participants. (ex. Law student #13 and attorney #13 will be in the room marked for Interviews # 1-40).

How will the interviews take place?

Approximately 40 interview pairs are placed in each interview room. Interviews are 30 minutes each (including 10 minutes of feedback). After feedback is given for the first interview, attendees will be given instructions on how to switch interviewees and the second round of interviews will begin.

Are attorneys and law students required to attend the networking reception following the interviews?

We encourage all law students and attorneys to attend the reception, however attendance is not required.

What is the cancellation policy?

We understand that situations may arise that require a late cancellation, however we ask that both attorneys and law students take this commitment seriously by arriving on time and staying for the entire program. Because this opportunity is limited and practicing attorneys are volunteering their time to participate, law **students must commit to attendance**. In the event a late cancellation is absolutely necessary, we ask that you contact us via email at info@palsprogram.org.

**Note:* We try to keep the number of law students registered and attorney volunteers equally matched throughout the registration process; however there may be excess registrations if there are late cancellations by confirmed attendees.
